FrostCup: Just Friends? or more?

## Prologue

It was a cold day in the city of Berk. Everybody was getting ready for the new school year, while Jack Overland was getting ready for yet another school year, Hiccup Haddock was starting his first day at the Magic academy for guardians and wizards of all ages. Every one was expecting Hiccup to be strong build up and tough-looking, but sadly he wasn't, he was a nerd very skinny almost too skinny for his father's liking to say the least, and he was short. Jack on the other hand was the so called \*\*of the school. Everybody new him, all the girls wanted to be his girlfriend, and all the guys wanted to be him to get the girls to like them. He was tall, normal build he had long dark chocolate brown hair, with very pale blue eyes he had tattoo's all over his arm, and he has body piercings everywhere you could see. He wasn't the guy to mess with because he took Karate classes when he was a kid, and he new how to street fight pretty well. All the teachers don't like him very much because he has too much of an attitude they can't handle so well. \*\*

\*\* Hiccup was small and very weak, he's very smart in math and science he also likes to draw a lot in class, he can come off a bit of a teachers pet because he doesn't get into trouble, he makes sure to get high grades, and works during the weekends. He hates parties and dances, and romance he's never with a female because they don't understand him at all, plus he looks kinda ugly with his glasses. His father doesn't really like him either, they fight a lot whenever Stoic drinks too much. Jack on the other hand gets along well with his father, North. There's not a single thing that can separate Jack

from his father, there too much alike in most ways. But will it stay the same way? Or will Jack and Hiccup's fathers, end up switching roles once they meet up? \*\*

\*\*Well this is the prologue...hope that you guys will like this so far, I just came up with this out of boredom lol^^;\*\*
